**"How to Contact Angels--Your Guides, Guardians and Friends."** Why should we contact angels? Simply because they are our guides, guardians and friends and simply because God created them to help us, to minister unto us and to do many wonderful things for us.

I was interested to read the story in the March 1992 issue of Life magazine which told of how angels brought comfort to one family. Dr. Diane Komp, an oncologist and professor of pediatrics from Yale University, sat with a family beside their seven-year old daughter. She was dying of leukemia. In her final moments, she suddenly sat up, summoned with strength, and said: "Mommy, can you see them? Do you hear their singing? I've never heard such beautiful singing," whereupon the child laid down and breathed her last breath.

Dr. Komp said that the only thing that he could describe as to what he felt was summoned up in the word gift. The angels had given a gift to the parents, bringing comfort to them that there was something more, something more than they could see and that their daughter was in good hands. And so they could truly understand the grieving and then the letting go of her passing. They could never forget that the angels were waiting to receive their daughter in heaven. But would they know that those same angels would be preparing her soul to return to earth sometime in a future embodiment?

The word angel comes from the Latin angelus, meaning "messenger." Angels are God's messengers sent to us. They are divine spirits. They are heralds of the Son of God and they go before him to proclaim his day. So, who are the angels? Who are you? Who am I?

The author of Hebrews tells us a mystery which I would like to

unveil this evening. No one is quite sure who wrote the Book of Hebrews. I have even wondered if our Lord wrote it himself because it is so mystical and so profound and it tells us things about Jesus that no other scripture tells us.

And so the book begins with these words:

1 God, who at sundry times and in divers manners spake in time past unto the fathers and the prophets,

2 Hath in these last days spoken unto us by his Son, whom he hath appointed heir of all things, by whom also he made the world;

3 Who being the brightness of his glory, and the express image of his person, and upholding all things by the word of his power, when he had by himself purged our sins, sat down on the right hand of the Majesty on high;

4 Being made so much better than the angels, as he hath by inheritance obtained a more excellent name than they.<sup>1</sup>

The author of Hebrews is explaining to us the hierarchy of heaven, of the angels, of the Son of God and of the sons and daughters of God. We are beginning to understand what our lawful place is in relationship to God, his Son and his angels.

5 For unto which of the angels said he at any time, Thou art my Son, this day have I begotten thee? And again, I will be to him a Father, and he shall be to me a Son?

6 And again, when he bringeth in the firstbegotten into the world, he saith, And let all the angels of God worship him.

Now we know that the angels of God worship the living Christ, the Son of God.

7 And of the angels God said, Who maketh his angels spirits, and

**his ministers a flame of fire.**

So angels are spirits of God. They are ministers who minister unto us. They are ministering spirits. But they are made of a flame of fire. So now we know that the nature of angels is something different from our own nature. They are made of the fire of God itself.

**8 But unto the Son he saith, Thy throne, O God, is for ever and ever: a sceptre of righteousness is the sceptre of thy kingdom.**

**9 Thou hast loved righteousness, and hated iniquity; therefore God, even thy God, hath anointed thee with the oil of gladness above thy fellows.**

**10 And, Thou, Lord, in the beginning hast laid the foundation of the earth; and the heavens are the works of thine hands:**

**11 They shall perish; but thou remainest; and they all shall wax old as doth a garment;**

**12 And as a vesture shalt thou fold them up, and they shall be changed: but thou art the same, and thy years shall not fail.**

**13 But to which of the angels said he at any time, Sit on my right hand, until I make thine enemies thy footstool?**

**14 Are they not all ministering spirits, sent forth to minister for them who shall be heirs of salvation?** [Heb. 1:1-14]

We, then, are the heirs of the salvation of Jesus Christ and we know that God has sent his emissaries, his ministering servants, his angels to assist us in the very day-to-day process of our salvation. So now we know why we should get to know angels, why we shal, should interact with them because God has ordained them unto the glorification of his Son in our body and in our members.

I would like to speak to you about the Son of God and the living Christ and so I would show you the Chart of the Presence. This is the basic teaching that our beloved Jesus Christ and beloved Saint Germain have given to us. The Chart of the Presence is a picture of you. When

we ask the question, "Who am I?" the Chart answers that question. "I am a child of God. I am a son or daughter of God. I am shown as I am now as the lowest figure in the Chart, the individual who is invoking the Holy Spirit." And God responds and sends that Holy Spirit as the gift of the violet flame. And so you can see yourself in this Chart as that lower figure, praising God for his angels, praising God for his Holy Spirit and celebrating this greatest of gifts, the violet forgiveness flame, the violet transmuting flame.

Where does the Son of God appear in the Chart? The Son of God is the middle figure. The middle figure in the Chart is the only begotten Son of God who is the Universal Christ. That Universal Christ was fully embodied in the incarnate Word, our Lord Jesus Christ. Yet he came to show us a path and he left footprints in the sands that we might follow.

The great division between the schools of Gnosticism of the early Church and the Roman and Eastern Orthodox churches falls upon whether we worship Jesus as the only flesh-and-blood God and Son of God or we discover that the word Christ is from the Greek Christos meaning "anointed with light." And that same light wherewith God has anointed us he has also anointed Jesus. The same light of that Christ in Jesus is now a potential, a divine spark, a threefold flame within us.

As we look at the whole Chart now we see that Christ is the Mediator between the lower self that is fallen into a state of karma, which the world would call a state of sin. The upper figure in the Chart represents the I AM THAT I AM who appeared to Moses, the mighty angel of the Lord who declared him I AM THAT I AM, this is my name forever and my memorial to all generations. I AM THAT I AM is a statement of being. It is, is it, it is a statement of God's Presence with us. That Presence of God never leaves us though we ourselves may leave that Presence by being out of harmony, out of alignment with that Presence and the laws of God.

Habakkuk speaks of the Presence when he said, "Mine eyes are of too pure, mine eyes are too pure to behold iniquity." Because God is perfection and the Absolute and the I AM THAT I AM is the first manifestation of what the Kabbalah calls Ein Soph, the unmanifest God, so we see the manifest God is that perfection. We are imperfect and so we do not have that opportunity to see God face-to-face. Who sees God face-to-face is the Son of God, the living Christ.

The key to the mystery of the incarnation of Jesus Christ is also given in the Book of Hebrews and I will get ta, to that in a moment.

Hebrews speaks of the high priest, the high priest and Jesus Christ himself being the high priest. I would like to read you these verses from Hebrews concerning Jesus' priesthood in our lives. Hebrews 5 says:

**5 Christ glorified not himself to be made an high priest; but he that said unto him, Thou art my Son, today have I begotten thee.**

**6 As he saith also in another place, Thou art a priest for ever after the order of Melchisedec.**

**7 Who in the days of his flesh, when he had offered up prayers and supplications with strong crying and tears unto him that was able to save him from death, and was heard in that he feared;**

**8 Though he were a Son, yet learned he obedience by the things which he suffered.<sup>2</sup>**

And so we are speaking now of Jesus in the human sense of the word, of his suffering, of his being persecuted and crucified and how through all of that trial and testing he demonstrated the path of the obedient son, the obedient daughter of God.

**9 And being made perfect, [the soul of Jesus being made perfect in the living Christ,] he became the author of eternal salvation unto all them that obey him;**

**10 Called of God an high priest after the order of Melchisedec.**

**11 Of whom we have many things to say, and hard to be uttered, seeing you are dull of hearing.**

Nowhere else in the New Testament do we have this statement that Jesus is called the high priest after the order of Melchizedek. So the author of Hebrews had some inside information and, of course, who was most likely to have that information was Jesus himself. Perhaps he gave it to a close disciple or perhaps it came down through tradition but Hebrews is a profound mystery that you ought to study.

**12 For when for the time ye ought to be teachers, ye have need that one teach you again which be**

the first principles of the oracles of God; and are become such as have need of milk, and not of strong meat.

13 For every one that useth milk is unskilful in the word of righteousness: for he is a babe.

14 But strong meat belongeth to them that are of full age, even those who by reason of use have their senses exercised to discern both good and evil. [Heb. 5:5-14]

Jesus is here or his spokesman in the Book of Hebrews is here explaining to us that there is a religion that is the milk of the Word that is fed to babes but then there are those who mature and ripen into oneness with the living Christ. They can hear the strong meat. They have the power to exorcise unclean spirits and they have the power of discernment, all nine gifts of the Holy Spirit to know both good and evil.

So it is the strong meat of the Word that is often left out of the sermons that we hear from the pulpits today lest it offend some, bore others and totally confuse others still. Today we are receiving from our pulpits only the milk.

But who is ready for the meat? If you are ready for the meat of the Word, then you must be ready to follow in the footsteps of Jesus all the way to Golgotha to the resurrection and the ascension and to be willing to work out your salvation with fear and trembling as Paul said.

Why am I discussing these things with you? I am talking about this because I want to talk to you about angels. I want to talk to you about your soul who has descended to the lower figure in the Chart and I want to talk to you about the Saviour who is the Universal Christ and the individual Christ.

There is only one Christ and that Christ is the universal and only begotten Son of God. And yet unto each one of us God has given a portion of that Christ and that portion is our individual portion. It is called the divine spark or the threefold flame. That portion that we receive of the living Christ is enough whereby we, through our words and our works, our devotion and our pure love and our seeking to balance our karma and receive the graces and gifts of God, might ultimately know the fullness of that Christ also manifesting bodily in us as that Christ

manifested bodily in Jesus Christ.

This is the parting of the way between the ancient Gnostics and the fully established and entrenched Roman Church, who at the time determined not that the individual might seek and find his God through the living Presence of the I AM THAT I AM and the Christ Self above him but only through a structure of hierarchy of mortal men. Curiously, the scriptures do not say anywhere that we need go through any man to reach God or reach our Lord Jesus Christ nor any hierarchy nor any set of dogma or doctrine except the great doctrine that he preached, the doctrine of Divine Love and of obedience to the Father and the Son.

What I bring to you is what Jesus brought to the disciples, what was written down by early Christians who preferred to walk in the footsteps of Jesus than to walk in the shadow cast against the figure upon the hill, the great figure of our Lord. It is the teaching that Jesus gave. If you become like me, you shall be as I am. You shall be my twin. This is said in the Gospel of Thomas, which I will be teaching to you this weekend and it is a glorious gospel indeed. It is highly controversial today because the arguments surrounding this gospel have to do with whether it was written before the four gospels of the canon or afterwards. And where it is positioned has a lot to do with the future of theology in Christianity in this century and the next.

The teaching of Jesus was not that he had a physical twin born at the same time that he did. Scholars agree on this, that that was not the case at all. The concept of the twin is that when you drink from the same fount from which I have drunk, as Jesus said, you shall be like me and I will be like you. You will be my twin.

How can we be the twin of Jesus? This is how. It is because the same Christ, the same Light that lighteth every man that cometh into the world, and that is the phrase with, with which John opens his book, his gospel, that was the true Light which lighteth every man that cometh into the world. This Light, this Christos, this image and likeness of God is present for each one of us. It is the likeness of our Real Self and our True Self.

And so this Chart is a humble attempt to depict that relationship, that as the Mediator between God and man we have that person whom Jeremiah foresaw. He foresaw the coming day of The LORD Our Righteousness, the Lord within us who would teach us the right use of God's laws and right from wrong and good from evil, not merely in the relative sense of the

word but in the absolute sense of Christ and Antichrist.

So what is the teaching that is so key here? It is that we can receive the angels because we have an high priest who is Jesus Christ and that Christ Presence of Jesus is with us and officiates at the altar of our heart, the heart of knowledge, the heart of gnosis, the heart of self-knowledge in God, of knowing one's inner self to be truly God even as it is taught in Hinduism that the Atman dwells in every man, woman and child. It is the likeness of Brahman. Because we have that portion within us and it is not the exclusive ownership of Jesus, we therefore can also attain to the likeness of the Son of God and become a twin of Jesus.

I am certain that you realize that speaking these words would be considered blasphemous in many circles today. And that is because we have listened to the tried and true story, the old, old, old, old story told again and again and again of Jesus and his love that we do not any longer read with objectivity the meager scriptures we do have. And of course the Gnostic gospels that have been around for about forty years since their discovery at Nag Hammadi have been summarily denounced by orthodox Christianity. And so they are studied in the universities. They are read outside of the churches. And people all over the world are discovering that what they have felt and known and been concerned about and questioned in terms of the doctrines of the Church are now confirmed by the fragments that were left and not burned by the mother of the peasant who burned them and therefore we have but about half of those that were hid in the earthen jar.

So in the sense of the word that we are speaking we have the Christ Presence with us. In order to attain reunion with God, the I AM THAT I AM, the soul encased in flesh in these bodies at this level of our karma and our evolution must reach for that high calling in God which is in Christ Jesus. We must reach for the Christ of our own being and realize that God sent us to become and fully realize that Christ. This is our understanding. This is our joy and path. It is also, I believe, the teaching of the scriptures if we read them independently of the burdens of orthodox interpretation.

**So God "who maketh his angel spirits and his ministers a flame of fire" created angels before he created us. Why? So that when he created us we would have caretakers. We would have someone to care for us. He fashioned angels out of his own flaming Presence, his own flaming Spirit.**

Therefore when we consider angels and we consider our Presence, we can understand that that Holy Christ Presence has many times been called the guardian angel. People think of the guardian angel as just another angel but the true guardian presence of our life is Christ the Lord personified in the one whom we address as the Holy Christ Self.

We are liberated, then, from the sense that we will forevermore be sinners, cast in a mold of flesh and original sin, that we can truly rise to that stature of the fullness of Christ because God ordained it. And not only did he ordain it but he sent us angels to preach to us, to heal us, to care for us, to enlighten us, to move us to the understanding that God would never send us forth into these lower levels of our karma without himself going along. God came along with us to this world in the person of that Holy Christ Self, in the person of the I AM Presence.

Understanding this, we move forward on the foundation as to why it is so important that we not only enlist the help of angels but that we exercise the authority of the Son of God that is within us. And in the name of the I AM THAT I AM we command these legions of angels to go forth, to stop war, to rescue life, to find and give us the cure for AIDS, to deal and tackle with all problems in our society, in our schools, in our families, in our homes, in ourselves, in our own psychology. We can call upon angels to do anything. And if we call with love and according to the will of God and his laws, they will never, ever fail to answer us.

The booklet you have on angels contains prayers, decrees, songs, fiats to the angels and we're going to be using them throughout this class. So now I will get on to you, I will get on with my message to you about angels.

**Angels are flames of living fire, sacred fire.** Sacred fire of God is not hot. It is cool except when it touches discord or misqualified energy. When you come into the aura of an angel or he comes into your aura, he will not leave you as he has found you. And so by his very living, flaming presence you may feel the alchemy of transmutation, of the consuming of old stubbornness and pride. It is a humbling experience, profoundly humbling.

**Angels are extensions of God's presence and they manifest in a form that we can recognize. They are ministering servants. They tend our spirits, our minds, our souls and bodies. They are sent by God as messengers to deliver his Word. They have a multitude of functions.**

**They protect us, they guide us, strengthen us, heal us, comfort us, teach us, counsel us and they warn us.**

**I perceive that angels are "angles" of God's consciousness.** God is infinite. We cannot know him in mortal consciousness. But angels can reveal various sides of God's nature, angles of God that we would not perceive on our own. They are like our second sight. They are like looking through the All-Seeing Eye of God at God himself without God quite knowing that we are watching him.

**They come in at very point and angle and vector of the universe to deliver their light to our bodies.** They give us a literal transfusion to our organs, to every part of us. But the key is we must welcome them. We must call upon them. This is the contract or, if you will, the covenant that God our Father-Mother made with us when we left out of that glorious presence and gradually descended into the veils of illusion, of imperfection and of forgetfulness of his laws and therefore disobedience to his laws.

God said to us very lovingly, "You have gone out of our presence. You have chosen to be in lesser octaves, lower vibrations. You have chosen to have your own way and to do things your way. You have chosen to exercise the gift I have given to you of free will but you have chosen not to exercise it to always choose the will of God but rather to manifest your own willfulness. So here is what we're going to do. We, your Father-Mother, are going to give you this vast Matter universe for exploration, discovery and specifically we're assigning you to planet earth. And you can do anything you want to do. Of course, there is the law of karma. As a man soweth, that shall he also reap. You can learn the consequences of your actions that are not in keeping with our laws. We will not interfere. We will not interfere with anything at all. We give you totally free rein."

The records of cataclysms, of wars of the gods on the ancient continent of Lemuria or Atlantis, past ages that have no records whatsoever in our history books attest to the fact that God has been true to his word. He has not interceded when a little child is perhaps burned in a fire. He has not interceded ed, when six million Jews were burned in concentration camps and these were God's chosen people. He has left Catholic, Protestant, Moslem, Hindu alike to their own devices and to their subsequent karma. But he has said, "If you call to me, if you call upon the Lord, if you praise my name, if you ask me to send

intercessors in the persons of my angels, I will send them immediately to your side. And according to your karma, according to your situation, you may have complete and ultimate divine intercession or some sort of aid." This is the law and the covenant that God has made with us.

So many people in the world are frustrated and sometimes angry. You see the symbol of the clenched fist, which is the symbol of the defiance of Almighty God and his laws. And people are angry with God because he has allowed their child to die or this to happen to them. They have said, "This is not our earthquake. This is God's earthquake. This is not our hurricane. This is God's hurricane." But in fact every erg of energy that we have all sent out, billions of us on planet earth, that is negative, that is hateful, wrathful, angry, accumulates and multiplies and returns to us in weather conditions, in calamities, in sudden tremendous challenges that come upon us in our personal lives, our businesses, in our nations and in the earth.

So the reason why there is a delayed reaction of God answering us through his angels is that we have put so many walls of barriers of our karma, of our negative consciousness, of our defiance of God between us and him that now we have to carve a hole through this very dense wall of protection we have built to protect our human ego and our right to be who we are as somebody important apart from God.

By and by some of us, and hopefully most of us, get very tired of this merry-go-round of being our own person and falling on our noses and on our faces embodiment after embodiment. And we are humbled by God and his Presence, by our love for his Son and we say, "I want no more of this. I want to live my life according to the will of God. I want to serve him. I want to help others find him and I'm no longer going to use my free will except in confirmation of God's will."

When we decide to turn around and face the Son of God and the sun of our I AM Presence and walk that homeward path, we will have to pick up every step of the way, every step we take, our karma, our mistakes, our unkind words, our arguments, all of those things that are not of God and we must balance that karma. We do so by invoking the violet flame and by service to life. And the grace of the Son of God is that this process can be accelerated. And so we do not believe that it will take us millions of years and manvantaras to get back to God but that in fact by diligence in service this process can happen in this lifetime or a couple of lifetimes. But we need to take the teachings of Jesus Christ

and Saint Germain and apply them because there are things we definitely need to do if we expect to stand in the presence of the Son of God and claim that Son as our Real Self and be drawn as he was in the ascension to the heart of the I AM THAT I AM.

And so angels are here to help us find our way back home if that's where we want to go. And if we tell them we want to serve God on earth for many lifetimes, they will be with us on earth for many lifetimes and help us in whatever our calling from God is. Angels have enormous auras of light. And what they do best is to **intensify** the feelings of God in our beings, **feelings of love and faith and hope, of honor and courage and mercy**, every virtue that you can think of that is ennobling, that assists others, that brings us closer to God.

Angels will come into your aura when you are in a moment of greatest tragedy and bring comfort and a sense that all is well even though you are devastated. We are so often supported by angels that we almost take them for granted and do not realize how much worse life could be on earth without their loving presence. **Angels sometimes take on human form and then they move among us as our truest friends and helpers.**

**The ancient myth of the fall of angels is actually true. And when therefore the good angels who cast them out of heaven under Archangel Michael saw that these fallen angels in the earth went about to make war against the children of God, the good angels said, "We will volunteer. We want to go down and take physical embodiment and be born through human mothers so that we can personally walk and talk with people and warn them of the evils of fallen angels who rise to power in the money markets of the world, in the economy, in the governments of the nations and make a mess of them and take the people's light and take the people's money and torment the people with things like drugs and liquor, nicotine, all of the vices that come upon people to take them away from God. We want to go out and preach the Word and proclaim the message of Jesus Christ the Son of God whom we merit, whom we worship."**

And so you will find that even your best friend or your greatest confidant or someone close to you was once an angel and began to embody on earth and now has continued to embody in the evolution of the sons and daughters of God. As you know, **the apostle Paul was inspired by angels to say to the rest of the disciples and to the people, "Be not forgetful to entertain strangers: for thereby some have entertained angels unawares."** We're not always aware that someone who is lending a

helping hand is an angel in disguise.

**Archangels are the captains (or hierarchs) of the angelic hosts. They preside over what are called the seven rays.** You can see the seven rays in the seven rings of the Great Causal Body that surrounds the I AM Presence. Those are actually spheres of light. Your I AM Presence and Causal Body as one is a replica of the spheres of light that surround the spiritual, physical center of our Spirit-Matter Cosmos that we cannot even see. It is called the Great Central Sun. And so these spheres of color bands are worlds within worlds.

You were created in the Beginning in the image of the Father-Mother God, male and female as twin flames. So you are one half of a divine whole and your other half may be sitting next to you or across on the other side of the earth or across the solar systems. Because of our willfulness and making much karma, we have often separated from our twin flames for thousands of years which is why we understand and how we understand a certain inner loneliness, a certain sense that we are not with the one that we love most that is the other half of ourself, that we have lost that one somewhere and we must find that one. The poem Evangeline is a story of the search for the twin flame. Twin flames, then, go forth as individual people. Sometimes one is the male, sometimes the other, going forth through all of these spheres of light and finally descending to a level of embodiment, physical embodiment.

And so in earlier golden ages people never descended as low as we are today. They remained in octaves of light and perfection. They didn't buy the forbidden fruit of fallen angels or of evil. They resisted the temptations that our forebears and we did not resist and therefore they remained in levels of perfection and ascended back to God without ever having made negative karma. These races are called root races and they are certain bands of souls, perhaps millions, many millions of souls who go out from the Central Sun in light epochs. And this has been going on as the ages have gone forth and as they have returned again to the Central Sun. So these seven rays denote seven planes of consciousness and the Seven Archangels occupy, each one of them with their divine complement, one of those seven rays. The divine **complement of an Archangel** is known as an Archeia and the **plural is Archeiai**. **Archangels, as I have said, are emanations of God. They are the direct extensions of God. They embody the fullness of the Presence of God.**

When we understand that, we can understand the mystery of Exodus

which explains that Moses looked and he saw in the bush that burned but was not consumed an angel of the Lord. And then pretty soon as it goes on it is the Lord himself who is speaking to Moses. How did the angel of the Lord become the Lord I AM THAT I AM? It is because an Archangel has the stature of being the full presence and embodiment of the living God, of the Almighty One who is manifest to you in that I AM Presence.

**If you visualize the one God as the Great Central Sun a blazing presence of Light as you understand the unmanifest and manifest God, and you see the rays coming forth from the sun even ie, as you see these rays on the Chart, you can see angels as the ray of Light.** And you can see that a ray of Light actually contains all the fullness of God even as the proverbial drop in the ocean contains all the elements of the sea. So when you stand in the presence of an Archangel you stand in the presence of God. It is awesome.

**Archangels are architects.** They plan and design what is happening in the entire cosmos age after age. **God uses them to draft the plans for his projects and to execute those plans** along with the Nature spirits and the manifestation of God as Elohim. Archangels **arc God's Light to man,** to our very heart. They quicken our hearts **to convey the divine blueprint.**

When you know who you are and what you're going to do in life and your course of study, your mission, your profession, your calling, how did you know it? Did you think it up? Well, you might have thought you think it up but in fact an angel may have arced that light from your I AM Presence because you are not in exactly the fullest attunement with that I AM Presence and arced that awareness, that inner knowingness, that sense, "This is what I have to do in this life."

This experience actually happened to me. **I was eighteen years old** and I was standing **on the steps of the Christian Science Church in Red Bank, New Jersey, my hometown.** I had just **come out of church and I was filled with the light** of my meditation upon God. Church to me all of my life was that experience. I couldn't tell what anybody else was doing in their pews but whenever I got into any church (it really didn't matter which one) I was so filled with the light of God I was simply transported somewhere else.

And so I, I came out of church and I looked at the end of the, the large step that came out from the front door. It was like a large platform and I saw this light by a pillar. And as I looked I realized

this was the **Archangel Gabriel**. And I saw him and I was absolutely astounded and yet not astounded because he surrounded me with his aura and made me feel that it was altogether natural to be seeing an Archangel. And so I stood there and I felt the power of his mind. And I felt him **transmit a message to my mind**. And this transmission was so powerful in broad daylight with all the people pouring out of church I exclaimed out loud in response to the impacting of my mind that I felt, I said, "**Why, I have to make my ascension in this life!**" And then I stood back and I said, "What did I just say?"

**No one had ever** taught me that anyone else besides **Jesus Christ** was supposed to make their ascension, to ascend. It was never discussed, not in the orthodox churches I'd been to and not in the metaphysical movement that I was into in Christian Science. No one ever said that the ascension was the goal of life and tha, there was a course of study and footsteps you had to take and things you had to do and debts you had to balance and it just didn't happen automatically as my Christian Science teacher told me many years later, "Well, you don't have to worry about your ascension. It just happens automatically." Nothing happens automatically and definitely not the most important event of your entire existence on planet earth, the moment of your soul's ultimate and final reunion with God.

The ascension **is the goal of your life**. And as a matter of fact, it is the Archangel Gabriel who comes to you whether you are conscious of it or not, comes to your soul and announces to you, "This is the lifetime when you can make it. This is the lifetime when, if you do all things well, that door will swing wide and you will attain union with God to go out no more. You will no longer have to return, reincarnating lifetime after lifetime to clean up what you did in the last lifetime and ten and twenty, thirty embodiments ago."

How many of you have had that intimation from God that this is the lifetime when you should make your ascension? Look at all of you in this room. This is a marvelous show of hands. It's an attestation to the figure of Archangel Gabriel in your life. And you should cherish and treasure that and get a picture of Archangel Gabriel, one of the Old Masters' paintings, and keep it somewhere where you say, "Hi, Gabriel" every day. "Thanks for letting me know. Thanks for telling me. Now I know where I'm going and why I need to be doing what I'm doing even if it's al, not always the most pleasant task that I ha, that I could

choose."

The Archangels help us to balance our karma on each of the seven rays. We make karma specifically on those rays and through the misuse of our chakras. So now I'd like to show you the lower figure in the Chart, you as the chakra man or the chakra woman or the chakra child. Will the real chakra man please stand up? [laughter] That's all right. You can be seated. [laughter] OK.

Those chakras show the seven rays and those seven rays correlate to those same color spheres, the same colors that are in your Causal Body. Each of the Archangels assists you in amplifying the light of God in one of those chakras. The Archangels send their angels to assist you to balance your misuse of the light of God in one of those chakras. I am going to take up each angel now and tell you what his service is to you on that ray and how he can assist you in becoming the master of the energies of your being in that spiritual center.

A chakra is a spiritual center. Its purpose is so that God, your I AM Presence, can step down the light to a certain frequency. Each one of the seven rays from the base to the crown has a different frequency. So as the light of God is stepped down through the chakras, you experience God in a different way in each plane of your being. For instance, you think through the crown chakra. You see through the third eye. You exercise the power of the spoken Word through the throat chakra. You experience love in the heart, desire in the solar plexus, the presence of the soul and intuition in the seat-of-the-soul chakra and the white fire of the Divine Mother in the base chakra, which is the fount of light that rises and is the power of procreation.

**Archangel Zadkiel** teaches us how to **balance karma with the violet flame** and that's a very important part of the work we do in this activity. Well, of course, my **encounter with Archangel Gabriel**, and I am certain yours also whether it was conscious or just as an inner knowing, **sent me and you on a relentless course**. We have determined that we want to **know God face to face**.

The scriptures say that no man can see God's face and live. Who would want to see God's face? Well, Mark Prophet gave me the understanding of that scripture and he said, "What it really means and what it really says is no man can see God and live as man any longer." Because once he has seen God he will have the imprint of God in his being and in, in his mind and in his heart and henceforth he must live as the God

manifestation or the manifestation of God. So you are not going to drop dead if you see the face of your I AM Presence or your Holy Christ Self but one glimpse of that Presence in prayer, in communion with God, and the whole universe changes for you. You have discovered who you are because that God Presence is in truth your reality.

**This wasn't the first time I had experienced angels. I remember water-skiing on the Navesink River in Red Bank. And I was on those skis for the longest time going toward the sea under the bridges. It was a beautiful day. And somewhere along the way I transcended my physical consciousness. And I looked up into the heavens and I simply saw the glory of God.** I was aware not of thousands but millions of presences, of angels and of souls and they were rejoicing. **They were rejoicing that my time had come and their time had come and we were entering in an age when all of us as a band of wherever we came from were going to be able to make it in this life. It was so thrilling. I was in the midst of dealing with my karma and all kinds of things that teenagers go through but my days were always filled with attention on God. And that was a moment that I will never forget.**

I had many other such moments when I was aware of the throngs of heaven, the souls of light who were tending and then the angels too. It was not just angels. It was souls who were preparing to come into embodiment, who had just left embodiment but they were all rejoicing.

My search for God led me to Mark Prophet in 1961 when I was a student in political science at Boston University. I attended a meeting where he spoke. He delivered a lecture and then he delivered a dictation from Saint Michael the Archangel. I was thrilled beyond words to hear that dictation and also to experience in meditation before it took place as Mark Prophet was able to lift my soul to another dimension and I saw the whole earth and all of the children of the Light and the people that I needed to contact. They looked like daisies in the field, millions of daisies, and each one had a face of a soul, someone I must go and find, someone I must give what? A teaching I did not yet know, a teaching I would receive.

It was a brief interlude before the meditation music began for the dictation and I was in rapt attention. It was the first time in my life I had ever heard an Archangel or an angel speak through a human being. It was a powerful message, an address to the people of Boston that if you pray to Archangel Michael he will take you to octaves of life,

octaves of light at the end of your embodiment. He also said, "People of Boston, I am come to cut you free." And I knew he was talking to me. I was about to be cut free for my mission.

I was trained by the Ascended Master El Morya to be a Messenger for the angels, for the saints of God. And I was trained through Mark Prophet in Washington. We were married. We had four children. And he passed on as he said he would. He prophesied his own passing. He stayed with me a little bit longer than he said he would. It was twelve years. During those years and the years which followed the two of us **have taken hundreds of dictations from the Archangels** and angels of God. All of these are in our files and many of them are published. I am going to quote from some of these dictations, some of the very special messages that the angels have given us for all of you.

I'd like to show you Saint Michael the Archangel, probably one of the angels most familiar to you. He **serves on the First Ray**, the ray of God's holy will and **of power**. It's a ray of **perfection, protection, faith and God's government** in the earth. This is a Tiffany painting of Archangel Michael. It's one of my favorite ones and it's on the cover of our compact disc and cassette of a collection of songs that we sing to Archangel Michael. He is the angel of **power** and of empowerment. He wields tremendous energy **and his legions of Light wield that power in your defense**.

When you begin on the path homeward to God, that is when the fallen angels take note of you and will begin to move against you. So we have two ninety-minute cassettes and Archangel Michael Rosary and an Archangel Michael song-and-decree cassette so that you can immediately begin to call to Archangel Michael for the protection of your soul on the path of your union with God.

**God's power is available to you only when you prove to God over and over and over again that you will not misuse his power.** We misuse power through wrong speech patterns, the way in which we put people down or express anger or our pride. There are many ways that we misuse power. Again, the First Ray and **the throat chakra** is the power center. It has sixteen pow, it **has sixteen petals**.

And Archangel Michael's **divine complement is the Archeia Faith. Michael's day is Tuesday**. That means that you have the greatest access to him on Tuesday. **He works through the seventh band of the Causal Body**. If you look back to the Causal Body, we will see that the outer ring is

blue. The blue band seals and protects the entire Causal Body.

All of the Archangels maintain etheric retreats, which means a retreat in the planes of heaven where their angels congregate. And so Archangel Michael's retreat is approximately at **Banff, near Lake Louise in Alberta, Canada**. That is the physical location that corresponds to the place in the heaven-world where this retreat is. It's a beautiful focus for a meditation.

**The etheric octave is the octave of perfection. That's why we call it heaven.** Heaven is not such a simple place. There are **actually thirty-three** definable **levels** of heaven, each one exceeding the previous one in the intensity of light and the manifestation of perfection. You might say that the first level of heaven is kindergarten where good souls go who haven't made so much karma but who are not really that adept in their pursuit of the Path. Often these good souls are good religious people who have not strayed outside of the narrow bands of their own orthodox traditions. So there are schools of light, universities of the Spirit. You may have a remembrance of having attended school at night under teachers of light. It was not a dream. It was a reality. These schools are going on all over the earth at various locations.

And so the astral plane, which some people call purgatory or Death and Hell, has thirty-three levels also and they are in a descending order of intensification of darkness and a descending order of the types of people that you find there. And so when you get all the way to the bottom of the astral plane at the thirty-third level, you are at the place that is called hell and it is very dark and the most vicious of fallen angels are there.

The first three or four or six levels of the astral plane might resemble certain areas of the world that we are in in the physical plane, places that are inharmonious, that are dark, that are tied to materialism or sensuality or the various addictions that people get into. And so people who have put themselves in those lower vibrations while in embodiment go to the same vibration when out of embodiment and really the only difference is that they are without a physical body.

And so what the Ascended Masters are attempting to do with their students today, and the angels as well, is to see to it that all of you who are students on the Path will arrive somewhere in the etheric octave at the conclusion of this embodiment. To make sure that you do it is important that you use the "Heart, Head and Hand Decrees" daily that are

in the booklet I've given you and that you invoke the violet flame.

The violet flame is the key to transmutation and it will help you balance karma that you may have with people who themselves are not servants of light but are servants of darkness, servants of corruption. These people that you may have karma with because you've become angry with them or you've gotten into some kind of dealings with them where you've broken the law or you have been convinced by such people who have so provoked you to lose your cool, to become upset or to do some kind of physical or bodily harm to such people. When you get entangled with people who are of a low energy, who have no light in them and are not servants of the light, those are the people that you want to balance your karma with. It's very important. And they can be in your own household. They can be in your own families or they can be people you hardly know.

The goal that you should have in this life, among other very serious goals, is to settle your accounts, your karma, with people of that sort because if you don't the tie you have to them can pull you down to the level that they go to when they pass on from the screen of life. And whence you get caught in those lower octaves, and you really do get caught by these entangling alliances and relationships that you have, it is not easy to get out of the astral plane. And when you get lower and lower into the astral plane, you need an Archangel to rescue you. At that point you need someone on earth who is in embodiment who's going to make a call, "Archangel Michael, descend to the depths of the astral plane this light and rescue all Lightbearers who are caught there against their will and against their wishes."

There are many people who are caught at lower levels who are good people. They just happened to fall into trouble. That's why the tradition in many of the world's religions is to have a wake, to pray for people, pray for their souls when they pass on. And that's not only in Catholicism. It's in other Eastern religions because not only do we understand that people can be drawn to those levels but that there are evil spirits who move about on the astral plane seeking to trap souls who have newly passed from embodiment. So assisting people in the hour of their passing is the work of the angels and we make it our work also.

So I advise you that no matter what it takes that you make sure that you give and give with your cup running over to those to whom you have a debt rather than be quarreling about that debt because a quarrel

in itself is tying you and locking you into a relationship that you do not want to be tied to. So that's just a little side teaching I am giving you because I am talking to you about the various octaves.

So the octaves of perfection, the highest etheric octaves are where the Christed ones, the Buddhas, the Bodhisattvas are, the great adepts all the way up to the thirty-third heaven. So it's interesting to understand the shades and the, and the gradations of life. So the **mountain that you see** here is the point of **going forth and return** to a tremendous etheric retreat in the highest octaves of the heaven-world where the angels maintain their focus, their **station on planet earth**.

**Archangel Michael** has ca, has figured as the greatest and most revered of angels in Jewish, Christian and Islamic scriptures and tradition. Exodus 3:2 is our take-off point for Archangel Michael, the "angel of the LORD," the angel of the Lord's presence as I have already discussed with you.

Moses in the burning bush has a direct encounter with the presence of God. And what does this angel of the Presence say to him first off? "Put off thy shoes from off thy feet, for the place whereon thou standest is holy." An Archangel Michael, an Archangel such as Archangel Michael knows who he is. He knows that he carries the full presence of God and wherever he has placed his feet, that place is holy. And so he calls upon man to revere the holiness of God when God comes to him.

"**The bush that was not consumed**" is you and me. And the fire in the bush is the fire that God has given to us as a divine spark. Think how God has tempered this **divine spark** to us. It is but a, a **sixteenth of an inch** in height. It is sealed in the **secret chamber of the heart**. And in that chamber is the altar of God. The high priest, the individual Christ of you, officiates at that altar.

That threefold flame is tempered. Should it get much greater, it would totally transform your life. Your aura would increase. You would probably lose all of your friends because they couldn't stand to be in such light. God **tempers** this flame, the flame of the Holy Spirit, to the **shorn lambs** that we have become as we are living in these levels of karma. But that flame **is the key to your immortality**. And as Moses saw it, it was filling the entire bush, filling in, the entire manifestation of the Archangel.

And so it was Archangel Michael who revealed to us the name of God. "Whom shall I say sent me?" Moses says to the Archangel. "Tell them I

**AM hath sent you unto them. I AM hath sent me unto you."** That is what Moses told the people.

Moses was an emissary of the Archangel Michael. Archangel Michael was the emissary of God and you are the emissary of God in your town and in your city. That's who you are. You are the emissary of God bringing the good news of the presence of the Christ in everyone and of the ministering power of angels. And the next good news you have to tell the world is that everyone can exercise the science of the spoken Word to call forth the angels of light.

And so what did Archangel Michael do? He was **the angel who wrestled with Jacob**. He guided Israel through the wilderness, brought the plagues upon Pharaoh, parted the Red Sea, destroyed the armies of Sennacherib and saved the Hebrew boys in the fiery furnace. Everywhere we go we find Archangel Michael. Archangel Michael has personally saved my life a dozen times that I know of and thousands of times that I don't know of. And I am sure the same is true for each and every one of you.

The Book of Daniel describes Archangel Michael as **"the great prince which standeth for the children of thy people."** This is the prophecy that Archangel Michael gave to the prophet Daniel and it's a prophecy for today. And by the way, the Archangels Michael and Gabriel were the ones that spoke through all the prophets of Israel. And when they say "the spirit of the Lord came upon me and said" and then they give their message, that is the power of the Archangels speaking right through them. And that spirit of the Lord is the manifest presence of those two guiding angels of Israel and Judah.

This is why there is such power and such transcendence in the prophets. Their prophecies are for all time. They apply today. They speak to our heart in this very moment. And we see the prophets, how they agonized to deliver this message and to be shunned and persecute of the people, of the people. And they are chased out into the wilderness and they, many of them were murdered by the people because they could not bear to hear their prophecies. They could not stand to hear the Word of God coming through human form. Such was the presence of the prophets.

And so this is what Archangel Michael told Daniel and what he spoke through him in a direct dictation. **"At that time shall Michael stand up, the great prince which standeth for the children of thy people."** Now this is Michael prophesying on Michael. And, of course, angels are

very quaint. Archangel Michael wanted to be sure that we today would know that he was around and that he was going to help us when we came to this time of trouble. So this is Michael prophesying Michael. And Michael says, **"There shall be a time of trouble, such as never was since there was a nation even to that same time. And at that time thy people shall be delivered, every one that shall be found written in the book. And many of them that sleep in the dust of the earth shall awake."**

People are waking up today. But what does the Bible say? It says, **"Some of them will wake up to everlasting life and some to shame and everlasting contempt."** And what does that mean? It means that they will wake up and they will wake up to their ancient angers. They will wake up right where they fell asleep when they clenched their fists against God and defied him. And they will not change. For they are the fallen angels and those who followed after them. They will not **bend the knee before God**, before his Christ or before his Archangel. They will not **confess that they need divine intercession and they refuse to do the will of God.**

The prophecy says that **"they that be wise shall shine as the brightness of the firmament."** The very brightness of heaven shall be the auras of those who are the wise ones. **All will see them because they will carry the light of the Archangels.**

**"And they that turn many to righteousness will be as the stars for ever and ever."** It is your star. **Your Causal Body is your star.** You know the **scriptures say that "one star differeth from another in glory."** That means that everyone here has a unique Causal Body. And the Causal Body is where we lay up treasure in heaven, the treasures of our good works and words and our good karma. And those rings grow and grow and grow with everything we do that's constructive. And the electronic belt of heavy weight that binds us to earth grows and grows and grows in wi, in its rings of negativity with everything that we do that is destructive to any part of life.

Constructive and destructive, that's how to look at your day. Was I constructive today or was I destructive toward anyone? Each day you can count up how much goes up to your Causal Body and how much sinks down here and gets heavier and heavier. And you've got a pile of karma there that you're going to have to balance and undo and you do it with the violet flame.

So **this is the prophecy warning the people today.** This is the day

of that time of great trouble, that great trouble that no man has seen before or since. So we are in that trouble today and sometimes we think we're in not so much trouble that we thought we were but in fact there is great karma descending upon the earth at this time. And the biggest trouble that I see that we have in America today is utterly horrendous leadership. We do not have leadership. We don't know who to, to vote for. We don't know who to believe. So many people leaving Congress because they're ashamed to be elected or not to be elected in their hometowns because of the banking scandal and so forth. It is just an amazing telling of our time that our educational system is so bad and that it does not produce the leaders and the statesmen that we are looking for for the saving of our economy, for the saving of our children, our homes, our schools and our towns and cities. It is a time of great trouble. We have never needed the Archangels as much as we need them now and here is the promise of scripture in the Book of Daniel. Archangel Michael shall stand for the people of God and salvation will come.

**Archangel Michael appeared to Joshua as he prepared to lead the Israelites into battle at Jericho. Here's the scene. Picture it. Imagine yourself as Joshua, this mighty Archangel of the Lord standing before the people. Look at Gustave Doré's imaging of that angel. He towers over the armies that are kind of disheveled and scattered. "And it comes to pass, when Joshua was by Jericho, that he lifted up his eyes and looked, and, behold, there stood a man." See how the angels look like men. Somehow their brightness is so bright that we don't identify them except as a man. Throughout Old Testament angels are referred to as "men."**

**"There stood a man over against him with his sword drawn in his hand. And Joshua went unto him and said: Art thou for us or for our adversaries? And he said: Nay, as captain of the host of the LORD I now come. And Joshua fell on his face to the earth and did worship." He worshiped God in the presence of the Archangel. He was overcome by the tremendous power of that presence. He literally fell to the ground. I can tell you, if you see an Archangel physically and personally, you will fall on your face also [laughter] by the tremendous power that would be in that place before you.**

**"So he said unto him: What saith my lord unto his servant? And the captain of the LORD's host said unto Joshua: Loose thy shoe from off thy foot; for the place whereon thou standest is holy." So Archangel**

Michael, as all Archangels, is a being of ceremony. As he told Moses so he told Joshua, "If you're going to talk to me, take off your shoes. You are in the presence of God." **"And Joshua did so." The battle went for Israel** by the hand of the Lord through Archangel Michael.

**Revelation 12 tells of Archangel Michael's key role as the defender of the Woman clothed with the Sun, woman today and the female principle in all of us** which is our own soul, the Divine Mother and woman herself. Archangel Michael **came to defend the Divine Mother and her Manchild.** And who is her Manchild? It is the Universal Christ, the same, the one, the only begotten Son of God personified in Jesus Christ to the fullness of the glory of that Son, potentially the full manifestation in ourselves also if we choose to take that path.

Archangel Michael **casts her adversary and all of his legions out of the courts of heaven** after there is a big war in the etheric octave. So Archangel **Michael and** all of his legions **fought. Lucifer fought and his** legions. And the fallen angels fell. **"Their place in heaven was found no more."** They were cast into the physical earth as punishment and they were cast into physical bodies as punishment.

Church fathers dispute this and I've gone over in great detail the Enoch texts in my book Forbidden Mysteries of Enoch, which I think you will find very interesting how Church fathers have denied by their logic that angels could have physical bodies and therefore could have lust and that angels actually lusted after the daughters of men. I think there's something very suspicious about the denial of angels in embodiment, fallen angels in embodiment on the part of the Church because it deprives the people of God of the warning that Jesus gave, that there are wolves in sheep's clothing among us and in the churches and out of the churches and in positions of leadership. And we should know them by their fruits, which means by their works, by their consciousness, by their aura, by their vibration.

**Ever since** these fallen angels were cast into the earth **there's been a war going on**, the people of light defending the light and the fallen angels outsmarting them and using them and abusing them and taking their light in the form of taking their money. So **the scripture says, "Woe to you inhabitants of the earth and of the sea! For the devil is come down to you having great wrath, for he knoweth that he hath but a short time."** What does that mean, that the devil has but a short time?

[It means a long, long time ago when these angels sinned against

God and his Christ]--remember the angels were created first to serve the Son of God. Angels, being the manifestation of God, had tremendous power. God, then, creates his Son, the living Christ, and sons and daughters such as ourselves. And he says to the angels, "You must worship the Son of God even in these littlest ones because that Son is myself and I have placed that portion of myself in my offspring. So you must bend the knee before that Christ and before the God that I have placed in them, the divine spark."

So Lucifer was one who said, "We will not bend the knee before your children, before your Manchild. We will not give deference to woman, to the Divine Mother or woman in embodiment. We will abuse woman. We will abuse your seed born through her on earth. We have power. We were created first. We are as God. We are God."

And so that is what sparked the war and the casting out of these fallen ones into the earth and the whole story of Light and Darkness and Good and Evil. So **God gave** to these **fallen angels** a **certain** time (was it **millions of years?** how long was it?), a certain amount of time to repent, **to repent of their** evil, to confess the living Christ and to support the Divine Mother in woman. A very few among them, a very few have repented and turned to God. But the vast majority, in the ninety percentages, have stuck with Lucifer, who have continued to do evil and make karma. And they are coming to the end of the age of their opportunity to repent and to be saved.

So they know that they have a short time to do their dirty work, to destroy souls, to take them from God. And they do this relentlessly. They're in the schoolhouses today of our nation. They are the **purveyors of drugs**. They are the ones who create horrendous films that no eyes of children or teenagers should be looking at, the violation of the sacred fire and all acts of sexual perversion and all types of sex pervade, pervaded constantly whether in porno movies or on TV in the home that now is being shown in hours when children are aware or in the movie houses, all to degrade, all to defame, all to cause the light of the children to be wasted.

We could go on and on to speak about what besets our children, including child abuse, child pornography. We are well burdened by this message and we know it well. What we have to realize is that it will not stop until we exercise the science of the spoken Word and call to the Seven Archangels to deliver our children and to bind the fallen

angels and the demons that they have created. The fallen angels created de, demons and all sorts of evil spirits to go after not only children but all people to take them from their reunion with God, their going home in glory.

And so what does the scripture say? It talks about this seed of the fallen angels going forth in the earth to make war against the seed of the Woman. The seed of the Woman is the Christ. Each one of us has that Christ potential. They war against us before we even wake up to the idea that we have a Christ potential and that we can fully unfo, unfold this, this flower of Christ, this rose of Sharon.

So **Archangel Michael is the angel of the LORD that comes to protect us, to preserve our freedom in the earth and to deliver the righteous judgments of God upon the seed of the Wicked One, the seed of Lucifer.** So Archangel Michael is the **Prince of the Archangels** and his title is Captain of the Lord's Hosts.

**Archangel Michael** has said: "There are days when, for one single one of you, I and my legions, in order to defend you, will slay ten thousand demons!" What kinds of demons would be attacking us? There are demons for everything. There are demons of pride who goad you to have greater pride. There are demons of jealousy that feed that seed of jealousy. There are demons of the nicotine habit that enslave you to the addiction of cigarette smoking and tobacco. Anything that is not constructive will have lesser demons going along trying to convince you through well-meaning, so-called friends that you should be a part of this or that activity.

So there are discarnates attached to the earth, that is, evil spirits without bodies and they move about. They color the aura of a place. You go somewhere, you don't like the way it feels, you leave. You sense the vibration of a place and you choose where you decide to spend time according to that vibration. People tend to congregate in the same place, in the same vibrations that they have according to the demons or the entities or the discarnates that are around them.

**The Goddess of Liberty** tells us that "Archangel Michael is at your side and does answer your call and does answer it best when you keep a daily momentum." You can call for a coil of blue fire around you from beneath your feet, above. This blue coil is a shield and an armour. It's a flaming blue coil that you visualize and that you call as a part of your prayers.

When **Jesus spoke with authority**, he spoke with the authority of God and he commanded the angels and the angels were a part of his healings. When you speak in the name of God, you also should speak in the authority of the Christ within you.

**I would like to show you how to give an immediate call to Archangel Michael if you'll take out the Angel booklet.** This is on the first page, number 2. It's called the "**Throat-Chakra Meditation.**" It's for the sealing of that powerful energy that you have at the throat. It's the affirmation of your I AM Presence as Master. We'll put up the figure of the Chart so that you can look at your I AM Presence and visualize that Presence descending around you.

This is the decree that acknowledges God as the only one to whom you give allegiance, your only master. You are disclaiming that you acknowledge your ego or your lesser self as the master of your life or that anything has the power to cause you to have an addiction of any kind. If God is master, then he is master of your life. You need only accept it in faith.

The angel that brings to you the quality of faith and the presence of faith is Archangel Michael and his divine consort, the Archeia Faith. So let us simply affirm this with all of our hearts and love as we talk to God and give it as a decree. Together. [Angels booklet no. 2, decree 10.11:]

I AM Presence, Thou art Master,  
I AM Presence, clear the way!  
Let thy Light and all thy Power  
Take possession here this hour!  
Charge with Victory's mastery,  
Blaze blue lightning, blaze thy substance!  
Into this thy form descend,  
That Perfection and its Glory  
Shall blaze forth and earth transcend! (given 3 times)

The "Traveling Protection," no. 4 in the second column at the bottom, this is a call you give whenever you get in your car, whenever you are traveling, anywhere you are. You take one of the pictures we have of Archangel Michael. We'll put up one of them now. Pick your favorite one. Memorize it and see it, see it standing. See Archangel Michael standing before you as the decree says, before me, behind me, to my right, to my left, above and below and in the center of my form. You see Archaiangel Michael in position around your vehicle or bus or train or plane.

You call for protection and then you maximize the call. You never finish a prayer without saying, "This which I call forth for myself I call forth for all the children of God and the sons and daughters of God upon earth." And instantaneously that same presence of Archangel Michael is upon them. You can call for all children of God throughout the entire Matter Cosmos to have this action of Archangel Michael and it will be done.

The quality of faith is not blind. The quality of faith means that you know the law of God and his promise to you, "If you will serve my will, I will send my angels to intercede for you and give you the protection you need to make it." That is the law of God. That it is, is his word. That is his promise.

Do not fear, do not doubt but have faith because God always keeps his promises to you even if you do not see the direct answer to your prayer. It will come. It will surely come. It will manifest in some way. Let's give this, then, in the authority of God.

#### **INVOCATION:**

By the authority of my Mighty I AM Presence, by the authority of the Christ within me, I summon you, Archangel Michael, for the protection, the absolute physical, spiritual, mental, emotional, psychological protection of all who are of God are on this planet and all systems of world. Therefore in God's name I say:

[Angels booklet no. 4, decree 6.05:]

Lord Michael before, Lord Michael behind,  
Lord Michael to the right, Lord Michael to the left,  
Lord Michael above, Lord Michael below,  
Lord Michael, Lord Michael wherever I go!

I AM his Love protecting here!

I AM his Love protecting here!

I AM his Love protecting here! (given 3 times)

Archangel Michael sends his legions of blue-lightning angels to protect you as well as his own presence. So you have had the experience now of calling to an Archangel for protection. You have exercised the throat chakra, the power center. You have exercised the power of the spoken Word and used it constructively to invoke God's intercession in your life through the Archangel of the First Ray, Archangel Michael.
